Enter Annual Competition

Local aspirants for pianistic honors were among 34 young artists chosen to perform in the eighth annual Greater Los Angeles Music Festival, held at 7:30 Friday and Saturday nights, March 30 and 31, in the YWCA Auditorium, Glendale.

Among the leading Southern California music teachers whose piano students were honored by participation are Dr. Nino Albanese, Charles DiMartini of Torrance, and Miss Marguerite Gray of San Pedro.

To present the certificates and awards to each young performer, Dr. Walter A. Early, president of the sponsoring Sherwood Music School of Chicago, made a special trip from the East. The noted composer Frank Sanucci, creator of many film and television scores, and much educational material, officiated as master of ceremonies.

Notables of the music world attended the event.

Congregational Sedar to Be Held This Month at Temple Menorah

Temple Menorah will hold a congregational seder in its community hall on the second night of Passover, Thursday, April 19, at 6 p.m.

Spiritual leader, Rabbi Henri E. Front, will conduct the Seder. Members of the congregation and their children will participate in the reading from the Haggadah, which is the Narrative of Passover. The assignment to children of a prominent part in the Seder service is in keeping with the biblical ordinance: "And thou shalt tell thy son in that day." Cantor and Mrs. Harry New-

man will be heard in several solos and will also lead the congregational singing.

The Seder meal will be prepared by a caterer, and favorite traditional dishes will be included in the menu. A prominent feature of the Seder feast is the eating of matzo which is an unleavened bread.

Mrs. Morris Rothstein, chairman, invites residents of the South Bay community to make reservations for themselves and their children for this event. They can do so by calling Mrs. George Lewison at FR

5-5321 or the temple office, FR 8-8444. Assisting Mrs. Rothstein are Mmes. Raymond Wintroub, Seymour Uberman, Myer Alpert, Ben Kaufman, David Goldenberg, Harvey Abramson, Mark Bennett and Samuel Morris.

TV PROGRAM

Temple Menorah of Redondo Beach will be guests of the television program, "In God We Trust," on Sunday, April 15th, 8 a.m., on KTLA-TV, Channel 5. Rabbi Henri E. Front will conduct a service which will center around the Passover table. Cantor Harry Newman,

baritone, and Mrs. Newman, soprano artist, will sing several selections. The temple choir which is directed and accompanied by Mrs. Newman will be heard in some traditional Passover melodies which are included in the Narrative of Passover as related in the Haggadah.

Choir members are Mmes. Paul Turkheimer, Marcus Kellman, David Goldenberg, Mae Ronne, Stella Benmayer, Myer Alpert, Morris Rothstein, Messrs. David Goldenberg and Leonard Rothstein and Miss Carla Hay.

Orrin A. Walker Member of Radio Operators' Club

Orrin A. Walker, W6PAL, 2261 Draille Dr., Torrance, has been awarded membership in the DX Century Club, exclusive society of amateur radio operators who have made two-way radio contacts with at least 100 countries and colonies of the world.

Using the call letters W6PAL, assigned by the Federal Communications Commission, he talks regularly from the instrument-packed room of his home with "ham" associates all over the earth—a fraternity of 250,000 friendly, interesting men and women.

After chatting on the air most amateurs follow up their radio contacts with colorful personal postcards, called QSLs after the international signal referring to acknowledgement of receipt. In addition to the friendliness of the QSL, these cards are required as evidence of achievement by an amateur seeking membership in the Century Club.

Tens of thousands of American hams have contacted the "easy" countries where there are a large number of amateurs, such as Canada, Germany or Australia. But the ones like Thailand, Uzbek, Tibet and the Sultanate of Oman are another matter, requiring a high degree of proficiency in long-distance communications. A thorough knowledge of the behavior of radio waves in the ionosphere is but one requisite. Underlying all the apparent fun an amateur has, then, is a basic self-training in radio operating under difficult conditions.
